

Benefits of Partnering with the Maryland Employment Network

- Outstanding customer service and collaboration- MD-EN staff are dedicated to improving employment outcomes for individuals with disabilities and are committed to providing outstanding customer service to programs and beneficiaries. MD-EN has received outstanding satisfaction ratings and is known for its collaborative style of service delivery.
- Additional funding - The Ticket to Work Program provides outcome based payments as beneficiaries move towards self-sufficiency. Ticket payment funds processed by MD-EN have allowed partners to increase staffing to serve more individuals and increase program resources to beneficiaries.
- Training - MD-EN provides training to staff and clients in a variety of topics, including IWPs, federal and state benefits, the Ticket to Work Program, and Work and Recovery. MD-EN can also customize trainings based on the needs of the agency.
- Administrative Oversight - MD-EN provides support in the technical aspects of Ticket assignment and payments, so that the provider is not inundated with additional responsibilities.
- Technical Assistance - MD-EN provides technical assistance to agencies around benefits counseling, completing IWPs, and supported employment services.
- Referrals - MD-EN refers beneficiaries who may be eligible for traditional supported employment services to partnering agencies.
- Access to additional services - Agencies who partner with MD-EN are also able to access our benefits counselors and peer counselor for direct service needs.
